

## 2018 World Championships

The 2018 Men's World Lacrosse Championships were a HUGE success! Thank you all for your generosity and support in making such a monumental event a possibility. Not only was it an incredible event for lacrosse but it was also a significant opportunity to broadcast the real Israel and show other nations the home we all love. The 2018 Championships afforded over 100,000 people the opportunity to experience Israel first-hand. If it were not for lacrosse, these individuals most likely would not have had this invaluable cultural exposure. All nations were given a free tour of Jerusalem which included touring Yad Vashem, the Old City, and practicing at Kraft Sports Complex.

Here are 3 short videos detailing the experiences of 4 major programs:
