Ethiopian Inclusivity

As a part of the national push to encourage Ethiopian participation in sports and extra-curricular opportunities, Ethiopian National Leadership from the Ministry of Sport and Israel School Sport Association visited Ashkelon LC's girls team practice at the Israel National Lacrosse Training Center. This initiative, the PELE program, is aimed at engaging Ethiopian youth in sport and creating the next generation of Ethiopian athletes and community leaders. We have been proud partners of this project and continue to focus on the inclusivity of our programs nationwide.
